

75ml Exclusive Mono-material Stick

Product Description:

The 75ml Exclusive Mono-material stick is manufactured completely in polypropylene (PP) and is available with a double wall cap. This applicator is the ideal packaging solution for a wide variety of personal care applications. The Berry Global B Circular Range are an innovative range of packaging and product solutions that leverages our engineering expertise and proprietary processes in the design for circularity to reduce products' impact on the environment, focusing on helping brand owners meet and exceed their sustainability goals.

Circular Solutions:

 Improved recyclability,  Reduced Carbon Footprint

Features and Benefits

- Easy to use
- Wide range of decoration options available
- Available in Berry's CleanStream PCR*
- Certified AAA 'Completely Recyclable' by Cyclos-HTP**

* The 75ml Exclusive Mono-material is available in Berry's CleanStream post-consumer resin (PCR) that has been independently evaluated by the U.S. FDA with a no objection letter (NOL) issued for contact-sensitive applications

**The certification affirms its recyclability in Belgium, Germany, France, Netherlands and United Kingdom. Impact of colours and decoration to be assessed separately
